FAME

Valued Customer Card

New companies must include approved camera-ready artwork and corporate PMS color numbers. Symbols will not be included unless you provide camera-ready artwork (not business cards). Special fonts should be provided in True Type format on IBM disks.

For best quality results send an unretouched, smooth finish, glossy 3"x5" color print. Digital photography must be on IBM compatible disk in .jpg or .tif format at 300 dpi. **CAUTION:** Photos must be scanned or taken at a high resolution. Increasing a photo from 72 to 300 dpi DOES NOT WORK! See reverse for special photo requirements. Please note that FAME is not responsible for the quality of your photo and does not assume liability for the final print quality of your photo or for the legibility of the card. Due to the nature of computerized graphics and four color process printing there may be a variance in color, normally within +/- 10% (industry standard) When you e-mail your photo the color that you see on your screen can be drastically different than what we see and print so we can not be responsible for any color variations. A good rule of thumb to follow is the better the photo, the better the card. Final type and photo position is at the discretion of the typesetter.

FAX # to send proof: _____
IAX # to send proof: _____

All orders will be sent to production for processing and typesetting with 48 hours of placing the order using the information provided on the order form. Photos and back selection may be sent later.

CANCELLATIONS OR CHANGES CANNOT BE ACCEPTED ONCE AN ORDER IS SENT TO PRODUCTION. Layout or information changes once a proof has been produced will result in an "extra proof" charge. Cards will be shipped via FedEx Ground. We cannot mail to a P.O. Box. Cards will be shipped to the address on your card unless otherwise noted. Allow up to 6 weeks after we receive your complete order, including photo and back selection.

Thank You for your order!

Box Style

This is the classic card format and will be used if the supplied picture is unsuitable for the other formats. **Suitability of a photo for any format is a decision entirely at the discretion of the graphic artist.**

Silhouette Style

Works best when the photo is taken on a contrasting, plain background and at least one side of the figure is completely shown.

Bleed Style

This format requires a photo with sufficient extra field space around the figure to allow a 1/8" crop on the three card edges. **Unsuitable photos may be enhanced and corrected for an optional additional Art Charge of \$50.**

RE/MAX
 PARTNERS

Linan K. Nielsen, C.A.A.
 1000 W. 15th Street
